

250 YEARS BEFORE THERE WAS A GERMANY,
THERE WAS A DUTCH BEER CALLED GROLSCH.

Holland was enjoying Grolsch beer when present-day Germany was a patchwork of feuding tribes and fiefdoms. Things have changed since then, but, fortunately for the beer enthusiast, the purely natural, non-pasteurized, uniquely satisfying qualities of Grolsch have not. *Grolsch*

Tastes the same here as it does over there.
